Musical Guest: Shanneyganock

**Strategies For Success has been approved by The Institute for CE credits.*

Shanneyganock are one of Newfoundland's most identifiable bands. They've been a fixture in the local and traditional scene for almost a decade.

Shanneyganock was never really like any other band on the Atlantic scene: they don't make videos or dress in Queen St. fashions, they don't have a light show, and they don't worry about their 'image'.

They are big, burly, unpretentious folk who know the meaning of work and the power of music to transcend all trouble. Shanneyganock doesn't sound like anyone else, either. Born of a love of classic Newfoundland folk acts like Figgy Duff and Ryan's Fancy, their music embodies the power and pathos found in the best of the Island's traditions.
